

Principles

Foundations of Curriculum Decision Making

High Expectations

We will encourage personal excellence, regardless of children's individual circumstances.

Treaty of Waitangi

Te Reo principles, culture, knowledge and spirituality will be taught throughout the school, from Years 0-8.

Cultural Diversity

Children will be exposed to the tradition and history of a range of cultures, to reflect New Zealand's diverse population.

Inclusion

Everyone will be included no matter what their individual circumstances, acknowledging that they are all unique in the eyes of God.

Learning to Learn

Children will be given the opportunity to learn in their own style and reflect on the effectiveness of this.

Community Engagement

Our school will participate in aspects of our local community, i.e. parish, Maniototo Area School, various other community groups and organisations.

Coherence

Children will be given an education that links Junior, Middle and Senior classes and inter-school relationships, as well as promoting learning for life (i.e. high school, careers information).

Future Focus

Children will be given opportunities to explore and participate in sustainability (recycling, waterways, land issues, environmental issues), and community affairs.
